THE SENIOR R *Solution*

MISSION: To educate, advocate and promote healthy aging to enable people to make choices about home and community-based services and long-term care that will improve their quality of life.

OUR VISION: To create a community that cares for the vulnerable and advocates for the well-being of our constituents.

BACKGROUND:

- Established in 1980
- DAAA is one of sixteen Area Agencies on Aging in the state of Michigan and 622 in the nation.

Interesting Demographic Facts

- *The Graying of America and Michigan*
 - 2034
 - 2026
- *SE Michigan residents age 60+ will outnumber children by 2026*
- *Older adults 65+ will make up 19% of the population in DAAA's service area by 2035*

Solution

An ECG strip with multiple leads and a mouse cursor at the bottom left.

Mortality Before & After Age 60

- The death rate for Detroit area older adults between the ages of **50 and 59** is over **122%** higher when compared to the rest of Michigan and
- **48%** higher for seniors between ages **60 and 74**.
- This high death rate accounts for the *premature deaths* of approximately **1,600** Detroit older adults per year.

Morbidity After Age 60

Chronic illness plays a major role in the health status of Detroit seniors.

- The majority (89%) of Detroit seniors have at least one chronic illness.
- (39%) have **three or more chronic illnesses**, such as hypertension, arthritis, heart disease and diabetes.
